

ESRF Biological support laboratory at the EMBL outstation

The EMBL laboratory, located close to the ESRF Experimental Hall, provides basic biochemical, biological, biophysical and crystal mounting facilities, which are available **only for ESRF biological users.**

Crystal/sample mounting laboratories are provided at the beamlines. If you require support other than crystal mounting, please enter your detailed requirements below.

Your request will be accepted only if the support you asked for is not available at the ESRF.

The form should be returned to the EMBL one month before your arrival. Either return the form and your proposal to the EMBL

- by e-mail: lab_support@embl.fr
or by fax: C. Schaffitzel, E. Armand, D. Lancon - +33 (0)4 76 20 71 99

The safety officer and the lab support staff must approve your request. You will be notified of their decision by e-mail.

If you intend to work during the weekend or between 7 p.m. and 8 a.m., you must wear an alert device for isolated worker, please contact Elodie Armand +33 (0) 476209405

If you have any questions, please contact:

Elodie Armand: + 33 (0)4 76 20 94 05, e-mail: earmand@embl.fr

Christiane Schaffitzel: + 33 (0)4 76 20 72 85, e-mail: schaffitzel@embl.fr

Dominique Lancon: + 33 (0)4 76 20 72 69, e-mail: dlancon@embl.fr
