

Monday 10 November 2014
at the European Synchrotron Radiation Facility (ESRF), Grenoble.

Auditorium

ATTRACT

"Future research and innovation opportunities offered by European Research Infrastructures in the field of sensor and imaging technologies"

information gathering and sharing workshop

09:30	10:30	1:00	Registration and welcome coffee		in the ESRF main foyer
10:30	10:40	0:10	Welcome	F. Sette	Director General, ESRF
10:40	10:50	0:10	Opening statement	S. Bertolucci	Director of Research & Computing, CERN
10:50	11:15	0:25	The development of new detectors for astronomy	M. Casali	ESO
11:15	11:40	0:25	Neutron Imaging at the ILL	P. Van Esch	ILL
11:40	12:05	0:25	Detector needs at the EMBL	A. McCarthy	EMBL
12:05	12:30	0:25	X-ray Detectors for the European X-FEL	M. Kuster	European X-FEL
12:30	14:00	1:30	Lunch		in the ESRF restaurant's GuestRoom
14:00	14:25	0:25	The ESRF Upgrade Programme: X-ray detector challenges and future plans	P. Fajardo	ESRF
14:25	15:05	0:40	The ATTRACT initiative	S. Bertolucci	CERN
15:05	15:25	0:20	Industrial and Societal value of Detection and Imaging Technology	P. Tello	CERN
15:25	15:45	0:20	Reaching out to the right stakeholders to boost ATTRACT's impact - collaboration with the International Network for SMEs (INSME)	C. Pfeiffer	INSME
15:45	16:05	0:20	How to make ATTRACT sustainable in the longer run from the industrial perspective	J. Wood	Imperial College London
16:05	16:30	0:25	Coffee		in the ESRF auditorium
16:30	17:30	1:00	Round Table		moderators: M. Nordberg / E. Mitchell
17:30	17:45	0:15	Conclusions and closing words	M. Nordberg / J. Susini	
17:45	19:00	1:15	free time - visit of ESRF (upon request)		
19:00	22:00	3:00	Networking Dinner		at the Brasserie du Palais, Hotel Europole
